

WIZARD TOUR GUIDE

Hazel has been given the job of tour guide for visiting creatures to the forest. Visitors staying in the forest want to be taken on a tour visiting all the important parts of the book. Hazel has been given a map that shows all the special locations of the forest and how you can get from one to another. Hazel must work out a route that starts from the log hotel and takes the tour group to every tourist site. The tourists don't want to visit the same place twice. They also want to end up back at the log hotel that evening. Can you help Hazel plan the tour?

Log Hotel
